## Project Manager Generics (m/f) Full- or Part-Time

We at AET are driven by our mission to make pharmaceutical products of the highest quality affordable for everybody. Among our 400 employees some of the brightest talents in the industry develop, register, produce and market the latest generics.

We are a family owned business and believe in entrepreneurship and flat hierarchies. That enables us to act quickly on the needs of our global clients as well as to changing market conditions.

With well over 50 years of experience we are a pioneer and leading company in the generics industry. We have a track record of changing industry standards and continuously entering new markets to fuel our growth.

Your expertise and commitment can make a difference to patients all over the world. Join us in full- or part-time (at least 25h) at our global headquarters in Hamburg

### **YOUR RESPONSIBILITIES**

- Take the lead for successful high level project management during development and registration of complex pharmaceutical products until global launch
- Manage project teams consisting of multiple commercial and scientific disciplines
- Ensure compliance with pre-defined project objectives (time, cost, scope)
- Closely communicate with project stakeholders (team members, line managers, partner companies worldwide)
- Report project status/exceptions/results to the project board
- Identify project risks and prepare counter measures with the project team
- Secure the creation and maintenance of proper project documentation

### **YOUR SKILLS & QUALIFICATIONS**

- University degree in natural sciences (e.g., pharmacy, chemistry, etc.) in combination with profound knowledge of business economics
- Alternatively, university degree in economics or similar combined with a solid understanding of pharmaceutical issues demonstrated by a substantial track record in pharmaceutical industry
- At least two years of professional experience, preferably in the pharmaceutical industry
- Experience using project management tools and techniques (incl. MS-Project)
- Knowledge and/or certification in established project management methodologies (i.e., PRINCE 2, PMP, IPMA) would be an asset
- Fluent (written and spoken) in English and German
- Strong analytical skills
- Ability to thrive for success in complex project environments

### **LOOK FORWARD TO**

- working for an internationally established company in the pharmaceutical industry.
- our modern offices in the buzzing heart of Hamburg right at the Elbe river.
- the opportunity to implement your own ideas in solving challenging tasks.
- flexible working hours.
- our cooks' diverse meal plan in our own cafeteria.
